

School of Informatics Collaboration Network

194 individuals

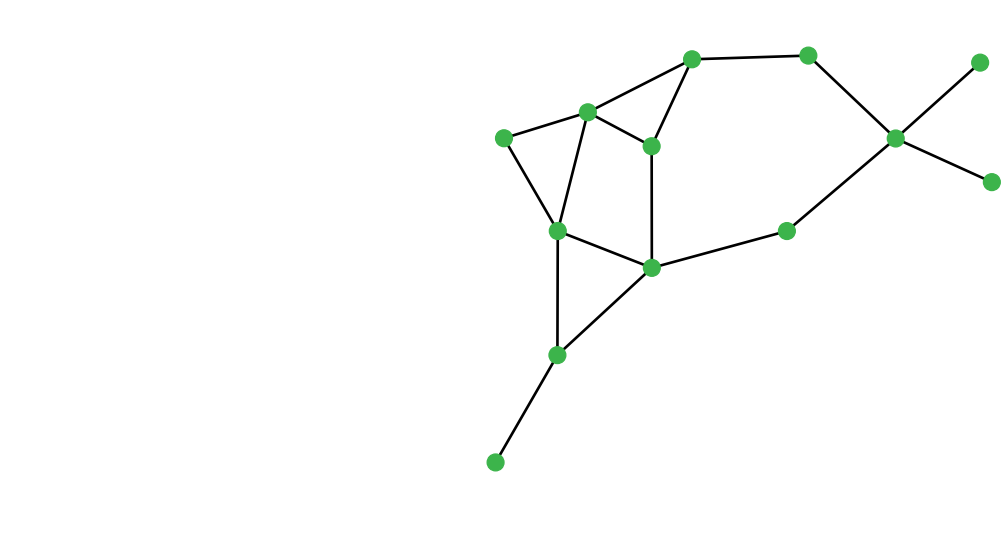

Average degree = 4.845

centre for intelligent systems and their applications

16 individuals

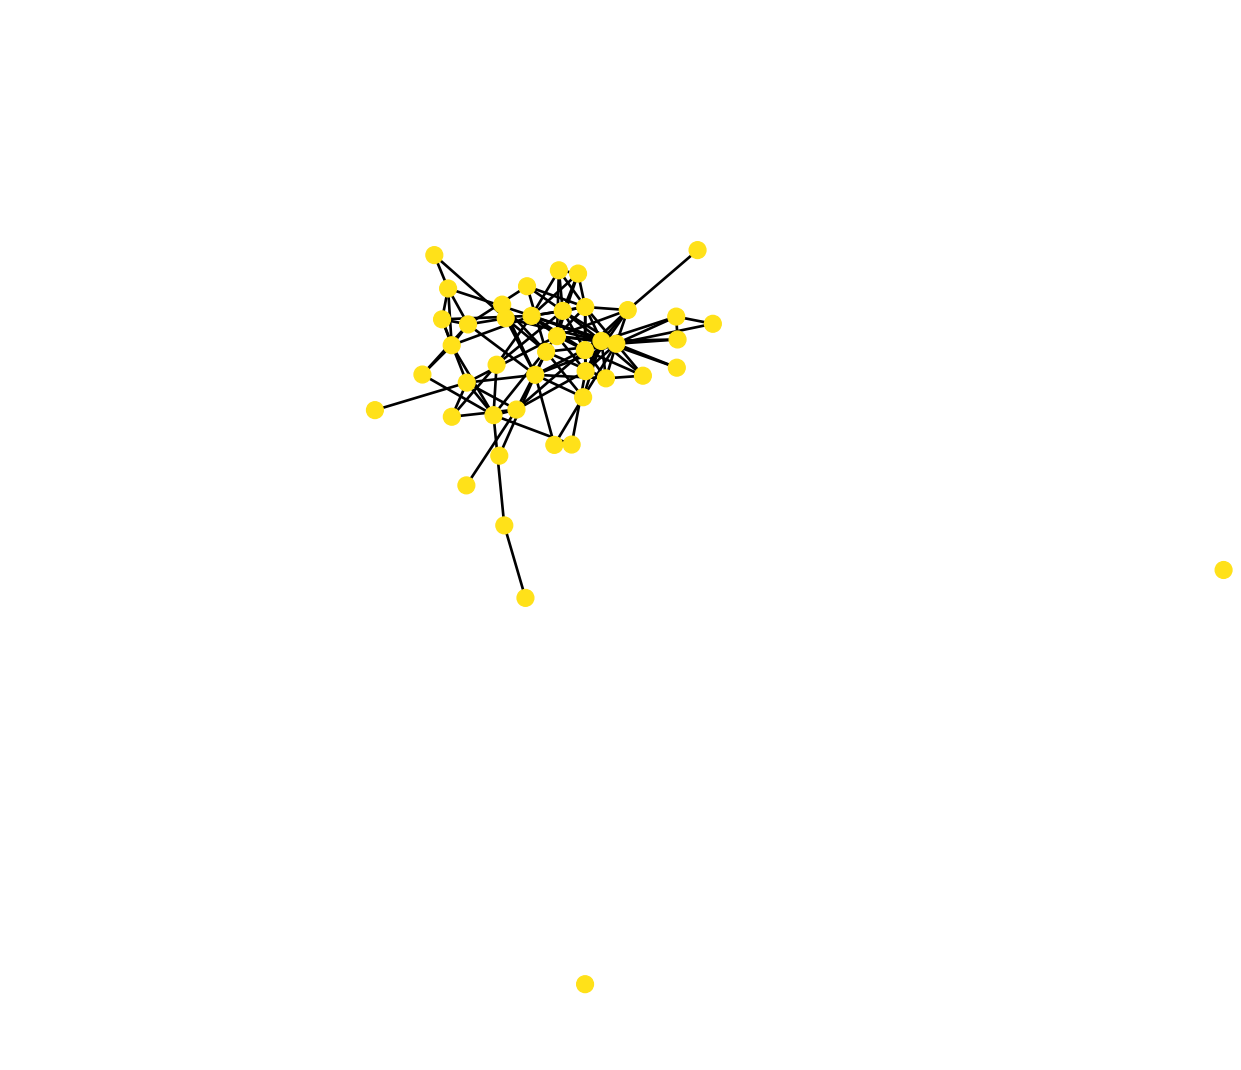

Average degree = 2.125

institute of language cognition and computation

46 individuals

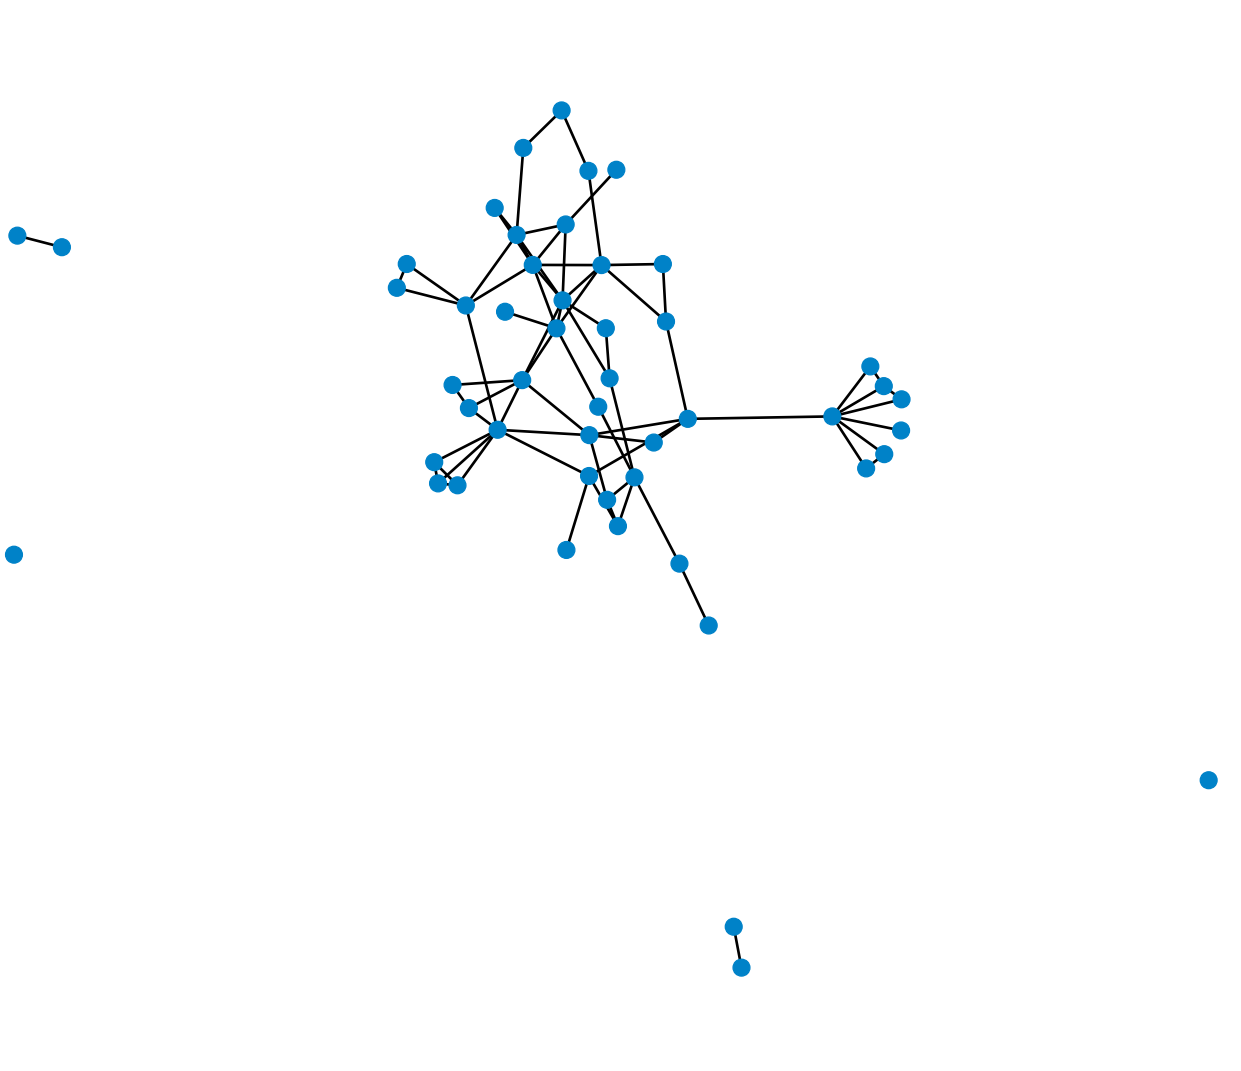

Average degree = 5.174

laboratory for foundations of computer science

53 individuals

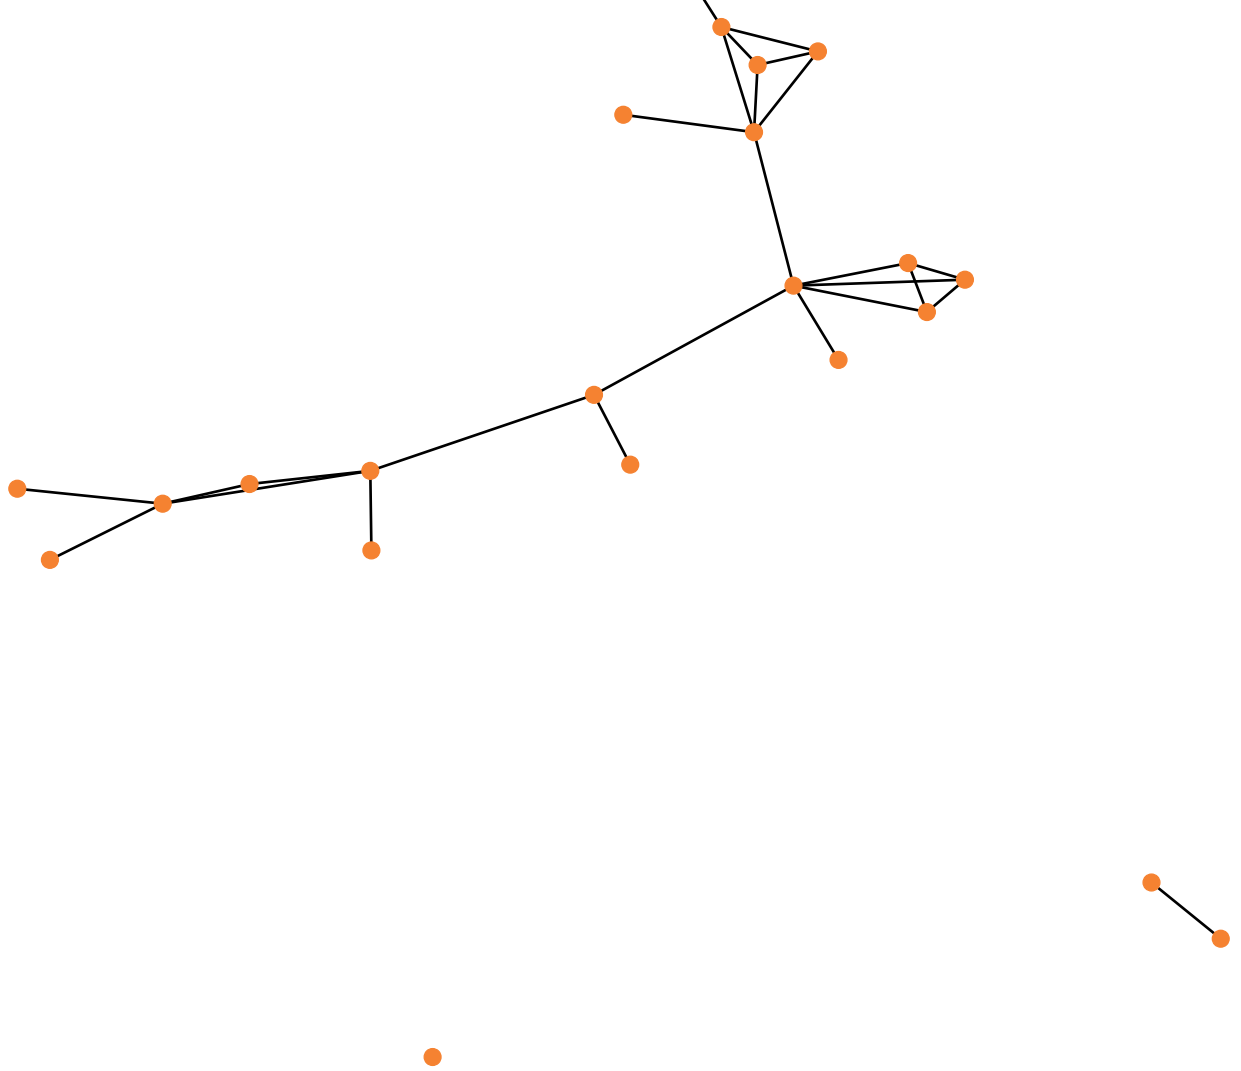

Average degree = 2.868

institute for adaptive and neural computation

22 individuals

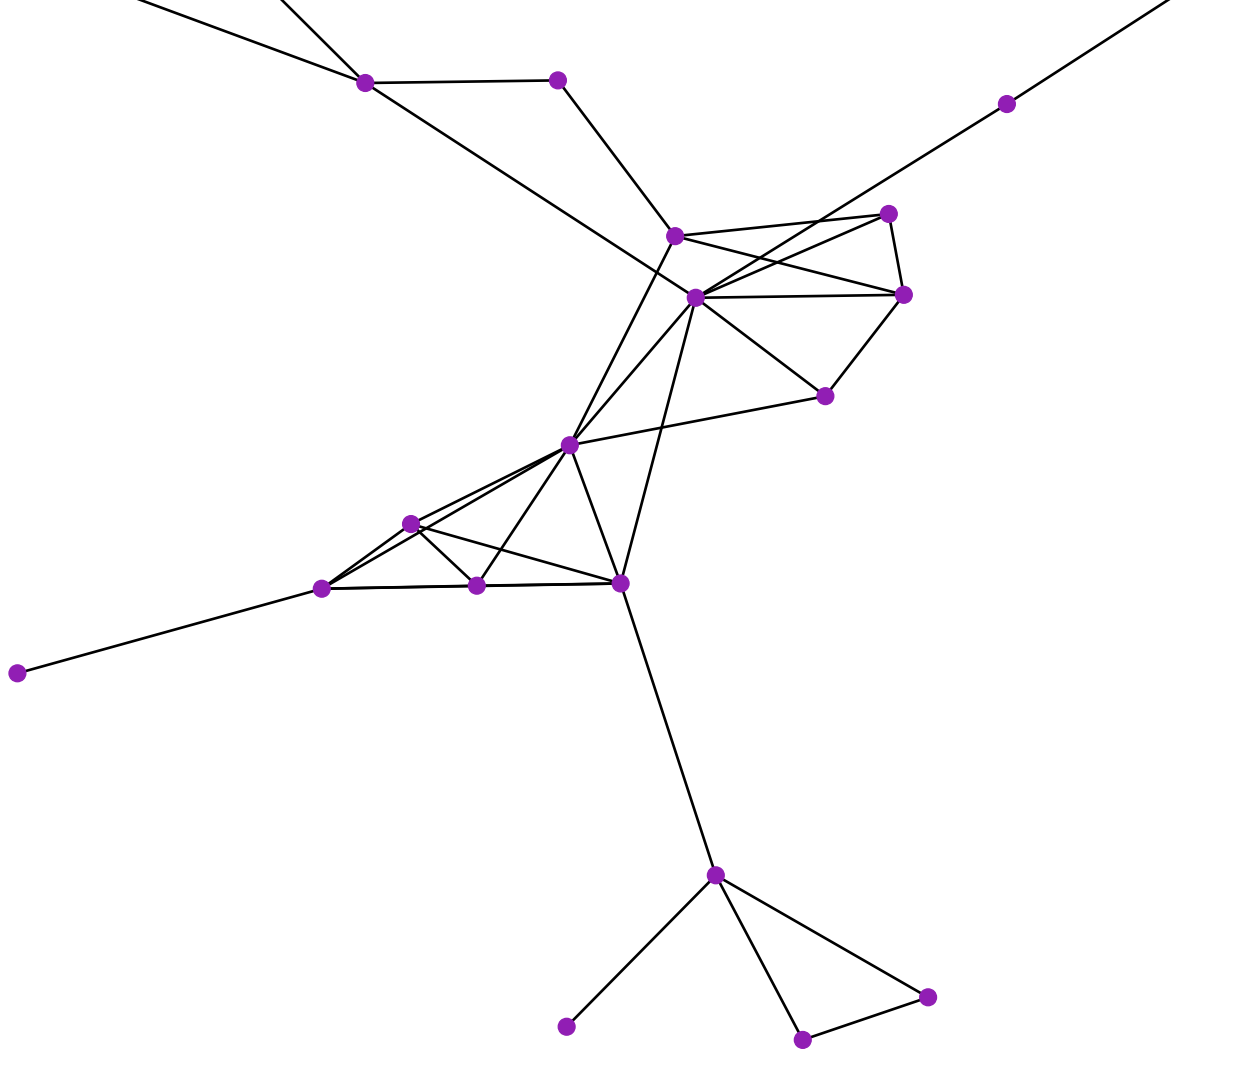

Average degree = 2.364

institute for computing systems architecture

21 individuals

Average degree = 3.333

neuroinformatics dtc

11 individuals

Average degree = 0.000

institute of perception action and behaviour

13 individuals

Average degree = 2.000
